

THE INTEGRATED RISK SOLUTIONS EDUCATIONAL SERIES – THE RISK SERVICES DEPARTMENT PRESENTS:

Safety Program Best Practices

Every company has their own idea of what makes a good safety program, but often ask, “Can we do more?” Even safety organizations, like OSHA, the National Safety Council, and insurance companies are not consistent on what should be part of a safety program and how it should be structured. Integrated Risk Solutions will answer your questions during our February Educational Series.

What You Will Learn

- What are some of the most common elements of safety programs.
- How to determine what is right for your organization.
- What obstacles and pitfalls might await you.
- What help is available in deciding upon and building new program elements.

About The Speaker

- *Glenn Gratz, CSP, ARM*, is Integrated Risk Solutions’ Senior Risk Control Consultant and is an OSHA authorized 10- and 30- hour trainer for construction and general industry, bringing over 20 years of loss prevention experience to the topic.

Who Should Attend

- Employers
- Human Resources Professionals
- Anyone who needs to plan, present, or keep records of employee’s training status.
